About Our House 2

Our story starts in Arkansas, 2012.

Falling in love with the area after visiting military friends, we moved ourselves from Wisconsin and settled in to work. By 2018, Sheila was a Dollar Store manager and John was a gas station cook. John's boss wanted to purchase a smoker and have John smoke all the meats for him to sell.

Wouldn't you know it? John had a knack for it! He started with smoked wings, and quickly moved on to ribs, brisket, and pulled pork. Within months, he was noticed by a local cafe owner and was offered a cook's position there. When the owner wanted to sell, we bought the cafe and continued crafting smoked meats & fantastic recipes.

But we were missing our growing family back in Wisconsin.

So when this restaurant opportunity opened on Mill & Center, we took the chance and moved back.

Opening in Beaver Dam was tricky. The previous restaurant had regular customers and a recognized "supper club"-type menu. We appreciated the location but knew changing the space to a breakfast/lunch-style place would be a challenge. Our kids helped us spread the word and get our name & menu out through Facebook, and we enjoy meeting new people every day.

We hope you enjoyed your time with us today and that you'll return as a friend!
